

CANINE ADVANCED ADULT WELLNESS PLAN

(FOR DOGS 7 YEARS AND OLDER)

The general advanced adult wellness plan includes only the basic health care services needed for most dogs within this age group. The wellness plans also allow for separate additional wellness care services to be included for the specific individual needs of each patient. These plans are offered at a discount over regular costs to encourage complete health care.

THE GENERAL PLAN INCLUDES:*

-  Two complete physical exams by the veterinarian for the year
-  Two Bordetella vaccines and boosters needed for the year
-  One routine parasite de-worming treatment for the year
-  One parasite fecal examination for the year
-  One basic senior blood screen (CBC, 27 chemistries, thyroid)
-  One senior urine screen for the year

The cost of the above plan is \$298.00

(regular price would be \$418.00) Save: \$120.00

**Payment is due in full for the general plan at the time of purchase and cannot be purchased after 7 days from the date services are initially rendered.*

**Reminders for routine wellness care are sent regularly indicating a need to make an appointment for the next visit.*

**Includes one free heartworm antigen test.*

ADDITIONAL SERVICES THAT CAN BE PURCHASED INCLUDE:**

- | | |
|--|--------------------------------------|
